Monthly Highlights

Minister of Health's Policy Staff OR Tour - May 2

On May 2, members of the office from the Hon. Sylvia Jones' office toured the HRH surgical program to learn more about our innovations across surgery anesthesia supporting our OR efficiencies. The team had a rich discussion about funding models, healthcare operations and how the high reliability culture at HRH has impacted patient outcomes and the system at large.

RNAO BPG Launch Event - May 6

To kick of nursing week, we released our Best Practice Guideline (BPG) titled **Clinical Practice in a Digital Health Environment**. This BPG outlines recommendations for nurses and other health professionals to maintain, advance and strengthen professional practice in a digital health environment. It will improve health outcomes and equity for people receiving care across all sectors and settings.

A 20-member expert panel was co-chaired by the late Dr. Vanessa Burkoski, Chief Nursing Executive and Chief of People Strategy at Humber River Health, and Maureen Charlebois, chief nursing and clinical officer at Bayshore HealthCare. Click here to watch an archive of the livestream.

The Hospice @ Home Program

The Hospice @ Home program at Humber assists palliative care patients through the last year of their lives. With a specialized and dedicated interdisciplinary team, the goal is to support these patients and their families at home without compromising the quality and breadth of end-of-life services. Read more in last month's issue of Hospital News.

The Redesign of Humber River Health's Chemical Dependency Program

Humber has recently revitalized its Chemical Dependency Program, aimed at refining and expanding its services support for individuals struggling with substance use concerns. This redesign signifies a broader shift towards a more integrated and comprehensive approach to addiction care. Read more in this issue of Health System News.

Humber River Health Becomes the First MEDITECH Hospital to Integrate PrescribelT

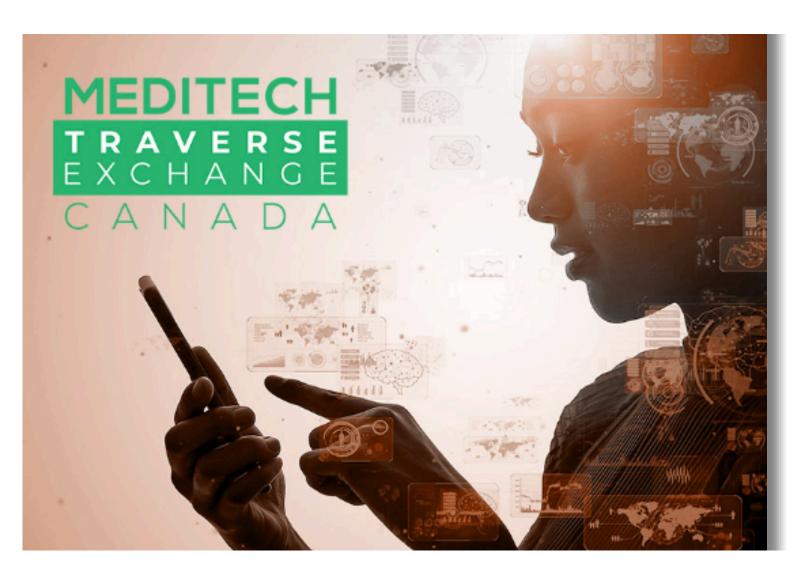

Humber has become the first MEDITECH hospital to incorporate PrescribelT® into its expanse hospital information system. This strategic partnership marks a significant step forward in enhancing the prescription process, improving patient safety, and streamlining communication between prescribers and pharmacies.

Sepsis Alert System Article in PubMed

"Trend of mortality and length of stay in the emergency department following implementation of a centralized sepsis alert system," was recently published in PubMed. The study's objective was to assess mortality and length of stay trends in ED patients, following the implementation of a centralized and automated sepsis alert system.

MEDITECH's Traverse Exchange Canada Connects to Oracle e-Hub and Provincial Resources

MEDITECH's Traverse Exchange Canada has experienced rapid growth since its March go-live. The interoperability network now connects seven healthcare instances across 19 hospitals using MEDITECH Expanse, along with 279 long-term care sites operating the PointClickCare® EHR. The latest Expanse customers to join the network include CHAMP, Halton Healthcare, CARE4, SHINE, and Humber River Health.

Transforming hospital experiences: Smilezone Space

Humber and Smilezone Foundation made having to spend time at the hospital easier with the unveiling of bright, comforting and engaging Smilezone spaces where kids can forget about their treatment. The new Smilezones spaces in the Hospital's Paediatric Outpatient Clinic, mark a significant milestone with the creation of the 400th Smilezone space. Read more in this month's issue of Hospital News.

National Physicians' Day - May 1

May I was National Physicians' Day, a time to recognize the dedicated and comprehensive care our physicians provide to our patients and their families. We honour the commitment of our physicians in cultivating a culture of excellence and innovation, which enhances clinical practices and patient outcomes. They play a crucial role in strengthening our healthcare system and empowering individuals in our community. Thank you to all of our talented physicians!

World Hand Hygiene Day - May 5

Each year on May 5, the WHO celebrates World Hand Hygiene Day. At Humber, hand hygiene education and training is provided to staff, physicians and volunteers. In recognition of this day, Infection Prevention & Control, Toronto Public Health and Occupational Health, Safety & Wellness facilitated a booth display to raise awareness of the role of hand hygiene in ensuring safety and maintaining healthy hands.

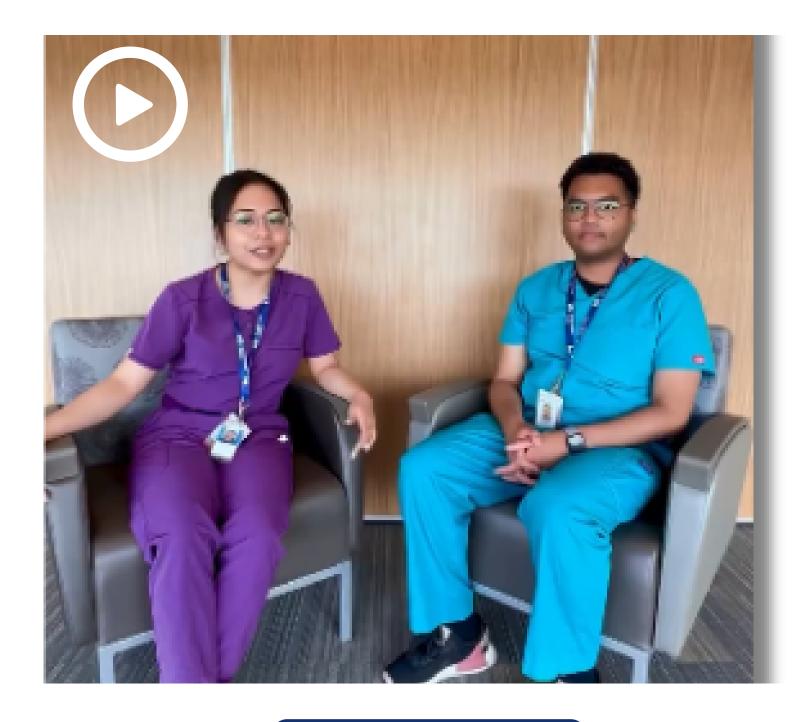

International Day of The Midwife

On May 5, we celebrated the International Day of the Midwife. Our 16 incredible midwives, through our West End Midwives Partnership, provide ongoing, exceptional care to clients through, pregnancy, labour, birth and in the early weeks of postpartum. Midwives deliver almost 900 babies each year at Humber. We appreciate all they do for our patients and their families.

Speech and Hearing Month

During Speech and Hearing Month, we recognized the important work of our Speech-Language Pathologists (SLPs) and Audiologists in improving communication health and detecting and treating communication disorders. Check out our FAQ with Chelsea Saguil and Myles Drayton, two of our SLPs!

Watch Here

Our team of audiologists specialize in paediatric care. Audiologists are concerned with the prevention, identification, assessment, treatment and (re)habilitation of auditory and balance difficulties in children and adults.

Audiologists pictured below: Saidah Adisa, Jill Witte, and Tracy Saunders

Child and Youth Care Workers Week - May 6 - 12

May 6-12 was Child and Youth Care (CYC) Workers Week, a time dedicated to recognizing the exceptional professionals who dedicate their careers to supporting the well-being and development of children and youth.

These professionals are integral in our multidisciplinary teams, often acting as the first line of support for families, assisting with everything from routine health management to crisis situations.

Mental Health Week - May 6 - 12

Mental Health Week aims to educate the public and shift beliefs and perceptions about mental health. This week helps to promote behaviours and attitudes that foster well-being, support good mental health, and create a culture of understanding and acceptance. Throughout this week, we highlighted our talented mental health staff!

Our Mental Health and Addictions Team held a booth to provide information about the mental health services provided at Humber and ways to improve your overall well-being.

Physiotherapy Month

In May, we celebrated and showed our appreciation for the hardworking Physiotherapists at Humber. Our Physiotherapists work to assist patients in improving mobility, reducing pain, and enhancing quality of life. We thank them for their unwavering commitment to improve the health and well-being of our community.

Baby Makes 5

Four generations of mothers celebrated this Mother's Day, after new mom Bridget Burling, member of the Communications team, welcomed her baby boy during the solar eclipse. Bridget had a great experience with Humber staff, Dr. Hawkins, her OB/GYN, and Dr. Tse, the OB/GYN who delivered her baby.

Nursing Week - May 6 - 12

National Nursing Week was a time to celebrate and express our heartfelt gratitude to our **more than**2,000 exceptional nurses at Humber. Their resilience, dedication, and compassion touch the lives of our patients and their families every single day, and we are truly grateful for their invaluable contributions. The theme for this year was **Changing Lives. Shaping Tomorrow.** The theme recognizes the contributions that nurses have on individuals, communities, and the future of healthcare. Thank you to our wonderful nurses for everything you do!

We held celebrations at all three of our sites:

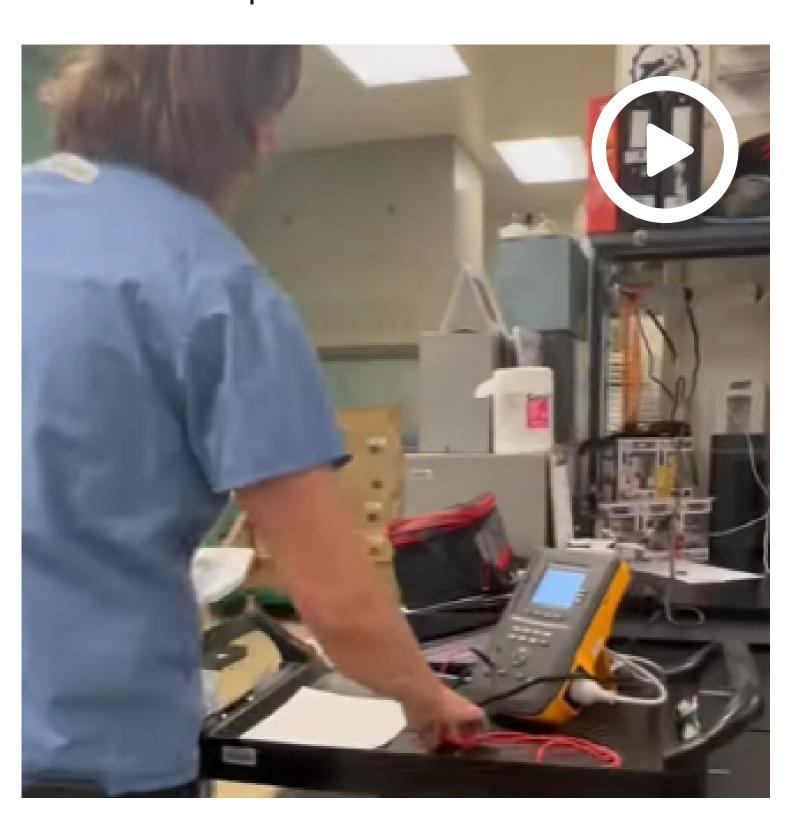

National Accounts Receivable Appreciation Day - May 19

Our Accounts Receivable Team is comprised of dedicated individuals responsible for timely collection of payments through efficient billing and follow-up processes. The revenue received helps cover operational costs, invest in new capital, and support the delivery of patient care. Our Accounts Receivable Department is a fundamental aspect of financial management!

Biomedical Engineering Week

May 19 - 25 was Biomedical Engineering Week. Our biomedical and dialysis technologists perform pivotal work throughout Humber. Both teams work tirelessly to ensure that medical devices used for the delivery of care are safe and available for patient use.

Watch Here

Obstetrics/Gynecology

Meet Dr. Neetika Sidana and Dr. Karen Levy, Obstetrician/Gynecologists (OB/GYNs) who have recently joined our team!

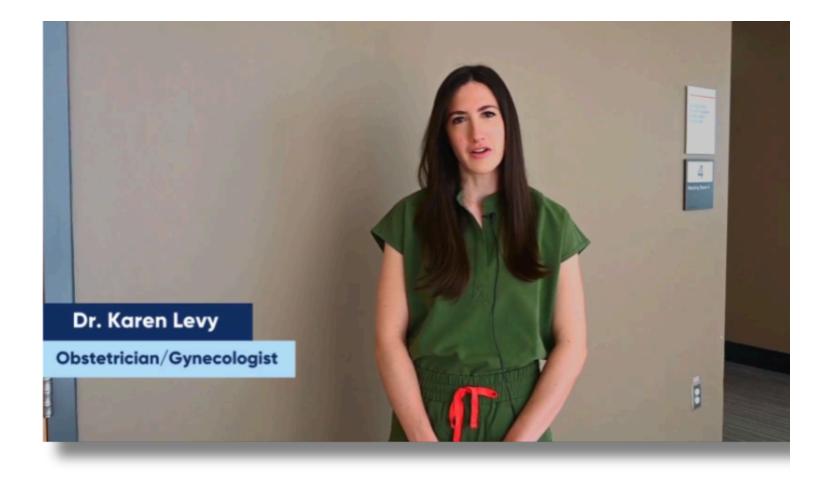

Dr. Neetika Sidana

Dr. Naatika Sidana is passionate about delivering excellent surgical care to women living with complex gynecologic conditions.

Dr. Karen Levy

Advocating for women's health, Dr. Karen Levy wants to ensure her patients receive timely treatment and strives for the best hospital experience for them and their families.

World Family Doctor Day - May 19

World Family Doctor Day was May 19. Family doctors play a significant role in ensuring the health and well-being of patients and communities! To recognize this day, we interviewed Dr. Tarin Arenson, Dr. Caitlin Christie, Dr. Shazeen Bandukwala and Dr. Navsheer Gill.

Currently, many people in our community do not have a family doctor or access to comprehensive primary care. Last year, we opened the Schulich Family Medicine Teaching Unit (FMTU), designed to address the shortage of primary care providers in Northwest Toronto by providing immediate healthcare access to our community, while nurturing the next generation of family medicine professionals.

International Clinical Trials Day - May 20

On International Clinical Trials Day, we celebrated our Clinical Research Team. This day is dedicated to recognizing and championing clinical research professionals and highlights the groundbreaking impact of clinical trials.

Equity, Diversity and Inclusion

Pride Month

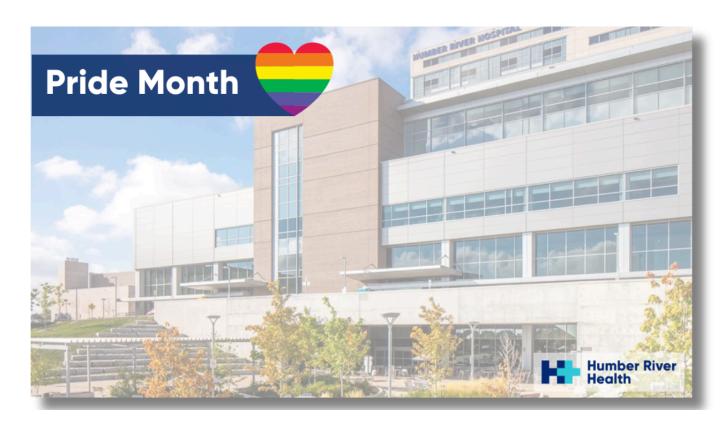

June is Pride Month, where we celebrate and renew our commitment to building a more inclusive and equitable community. Pride Month is about acceptance, equality, celebrating the work of 2SLGBTQIA+ people, and raising awareness of issues affecting the 2SLGBTQIA+ community. As we celebrate this month, let us remind ourselves how far 2SLGBTQIA+ rights have come, and how far we still have to go. To honour this month, we have raised the Pride Flag at each of our three locations.

Materials

We have developed a **virtual background** to display during Microsoft Teams or Zoom meetings, click below to download.

Click Here

To support your ongoing learning beyond the month of June, we have developed an FAQ **Guide to Understanding Gender Identity and Pronouns** to support staff, physicians and volunteers in navigating conversations about gender identity

Click Here

We are pleased to present the following opportunities to celebrate Pride at Humber River Health:

Canadian Centre for Diversity and Inclusion (CCDI) Webinar - 2SLGBTQIA+ Inclusion: Challenges and Strategies for the workplace

2SLGBTQI+ experiences have been at the core of diversity, equity, and inclusion conversations for a while. There is still a lot of work to be done to promote efficient workplace inclusion. Queerphobia still exists and a deficient sexuality education reinforces a hegemonic, colonial, and binary misunderstanding of Sexual Orientations, Gender Identities and Expressions. This webinar will talk about how to navigate inclusion for the 2SLGBTQI+ community in the workplace and beyond.

Date: Thursday, June 13, 2024 **Time:** 1:00 p.m. – 2:00 p.m. **Location:** Virtual (webinar) **Host:** Iván Barradas (he/him)

Kindly use your HRH email address and choose "Employer Partner" for registration type. A recording will be available following the presentation.

Gender Diversity and Creating Inclusive Spaces: What's Next?

Save the Date!

The Canadian Centre of Gender and Sexual Diversity (CCGSD) will be joining Humber River Health to facilitate an engaging session focused on unpacking and addressing myths and stereotypes surrounding gender diversity, trans and non-binary patients, and gender-affirming care.

The workshop will offer a comprehensive learning experience centered around how to integrate principles of gender inclusion into our work with patients and colleagues, as well as understand the benefits of inclusive environments and the impacts of non-inclusive environments for gender diverse people. In addition, attendees will be able to ask facilitators questions and engage in discussion to build understanding and allyship skills

We are pleased to welcome Ahmed Abdallah and Janani Suthan from CCGSD.

National Indigenous History Month

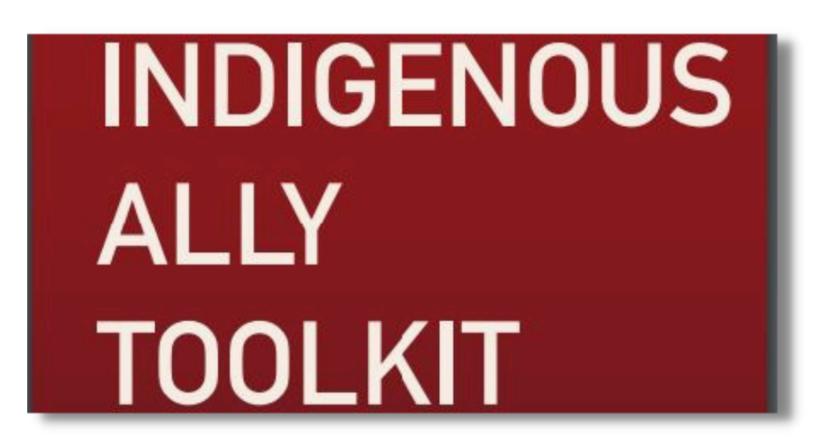

June is National Indigenous History Month in Canada, a time to recognize the rich history, heritage, resilience and diversity of First Nations, Inuit and Métis Communities. It is a time to honour the stories, achievements and resilience of Indigenous Peoples, who have lived on this land since time immemorial and whose presence continues to impact the evolving Canada. As always, we encourage you to use our land acknowledgment when appropriate, as it has significance to our Hospital, the land surrounding Humber, and Indigenous communities.

Materials

We have developed a virtual background to display during Microsoft Teams or Zoom meetings, click below to download.

To inspire continuous learning about Indigenous Peoples, their history, and contributions beyond the month of June, access an interactive Indigenous Educational Pathway and Ally Toolkit below.

Click Here

We are pleased to present the following opportunities to celebrate Pride at Humber River Health:

Canadian Centre for Diversity and Inclusion (CCDI) Webinar - Succession planning for Indigenous professionals in Canadian workplaces

In this session presented by CCDI and Indigenous Works, hear from a panel of Indigenous experts as they share their insights and experiences on navigating pathways to leadership within Canadian workplaces. From identifying key challenges to discussing effective strategies, our panelists will explore how organizations can implement robust succession planning frameworks that support and retain Indigenous talent and demonstrate their commitment to inclusivity and reconciliation.

Date: Tuesday, June 4, 2024 **Time:** 1:00 p.m. – 2:30 p.m. **Location:** Virtual (webinar)

Hosts: Starrlee DeGrace, Karen Mackenzie and Evelyn Steinhauer.

Kindly use your HRH email address and choose "Employer Partner" for registration type. A recording will be available following the presentation.

National Indigenous History Month

Native Canadian Centre of Toronto (NCCT) Smudging Ceremony and Workshop

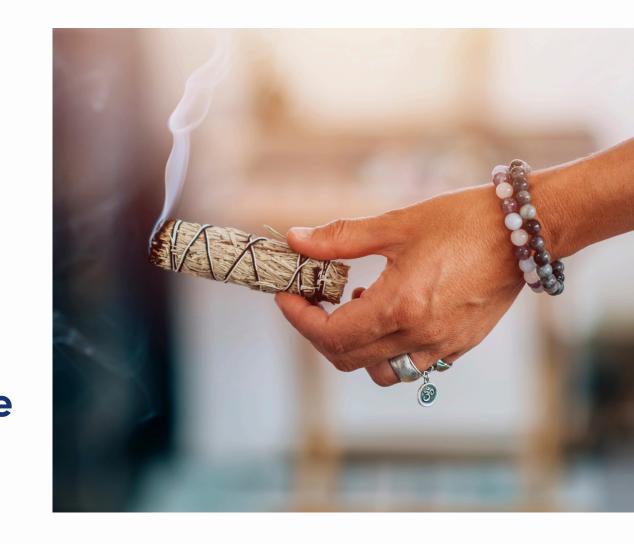

Smudging Ceremony

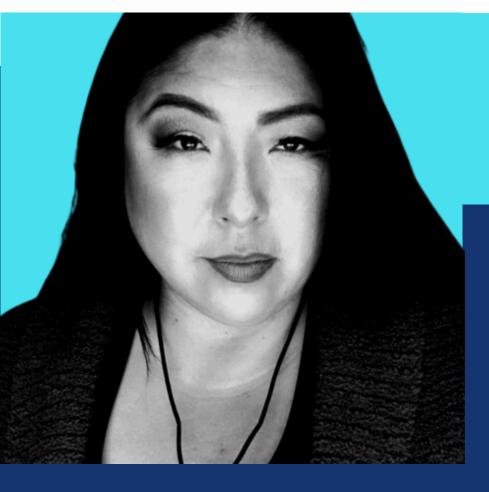

Date: Monday, June 24, 2024

Time: 11:15 a.m. - 11:45 a.m.

Surgical Magazine Gold Award

Humber's Surgical Magazine, created with ALLCAPS Content, received a gold award from the Healthcare Advertising Awards in their external publications category.

The Surgical Magazine innovatively captures the many reasons why we are one of Canada's top surgical centers.

Congratulations to all who contributed to the magazine's success!

NWT OHT BPSO Working Group - May 6

On May 6, we hosted the NWT OHT's BPSO Working Group to celebrate their successes over the last four years. They presented their Best Practice Guidelines on Falls Prevention and Engaging Clients who use Substances. Through an engaging presentation, they highlighted the importance of cross-sectoral collaboration and adoption of best practices, as key factors in enhancing person and family-centered care.

Pri-Med Canada Conference - May 8 - 9

Barb Collins, our President and CEO, and Dr. Zaki Ahmed, our Chief of Staff, delivered opening remarks at the 21st Annual Pri-Med Canada Conference. Over 2,200 healthcare professionals registered to attend the conference this year to learn about clinical updates to enhance their ability to improve patient outcomes.

At Humber, we are committed to medical education and supporting the continuous learning needs of community health professionals. Thank you to the planning committee for curating an exceptional line-up of speakers and sessions!

Humber Recognized as Top Radiology Services Provider in Canada

Humber was recognized by Heathcare Business Review as Top Radiology Services Provider in Canada. Our Radiology Department continues to excel through adopting innovative techniques to simplify tasks to help orchestrate seamless patient care!

Smilezone Grand Opening - May 16

Our Smilezones, created by the Smilezone Foundation, and donated by The Slaight Family Foundation, have enhanced our Paediatric Outpatient Clinic experience, featuring murals, interactive technology like iPads and a sensory gaming table, and more. We are grateful for the positive impact our new Smilezones have on the lives of children and their families!

Foundation Update

Honey & Barry Sherman Legacy Foundation Donates \$10 Million to Humber River Health Foundation

We're thrilled to announce a major step forward in revolutionizing healthcare at Humber River Health thanks to an extraordinary \$10 million gift from the Honey & Barry Sherman Legacy Foundation!

For over three decades, Honey and Dr. Barry Sherman have been steadfast supporters of Humber, championing accessible and high-quality healthcare. Now, their legacy continues through their daughter, Alex Krawczyk, propelling us toward our vision of closing healthcare disparity gaps in North West Toronto.

This historic donation will bring about substantial changes to the 17-acre Humber River Health Finch Campus in the Jane and Finch corridor. We are profoundly grateful to Alex Krawczyk and the Honey & Barry Sherman Legacy Foundation for their incredible support, and to our community for joining us on this remarkable journey. Together, we'll light the way to a brighter, healthier tomorrow!

"The Honey & Barry Sherman Legacy Foundation is more than just a tribute to my parents; it's a living testament to their values and the change they wanted to see in the world," says Alex. "I'm honoured to continue their work and hope to make a meaningful impact."

Click here to read more about the generous donation in our interview with Alex Krawczyk.

One Year Anniversary of our Schulich Family Medicine Teaching Unit

On May 4, 2024, we celebrated the one-year anniversary of our first patient visit at Humber River Health's Schulich Family Medicine Teaching Unit (Schulich FMTU).

Thanks to support from our generous donors, the Schulich FMTU has assisted over 1,900 patients. It provides vital healthcare services to patients and families in our community in need of primary care, while also serving as an invaluable training ground for the next generation of medical professionals. With continued support from our donor community, we aim to achieve our goal of serving over 9,000 new patients through our residents and physicians by 2026.

As we reflect on the past year's achievements and look forward to the future, your generosity continues to inspire us. For patients like Berta and Daniela, transitioning to the Schulich FMTU marked a significant improvement in their quality of life and this would not be possible without your kindness and support.

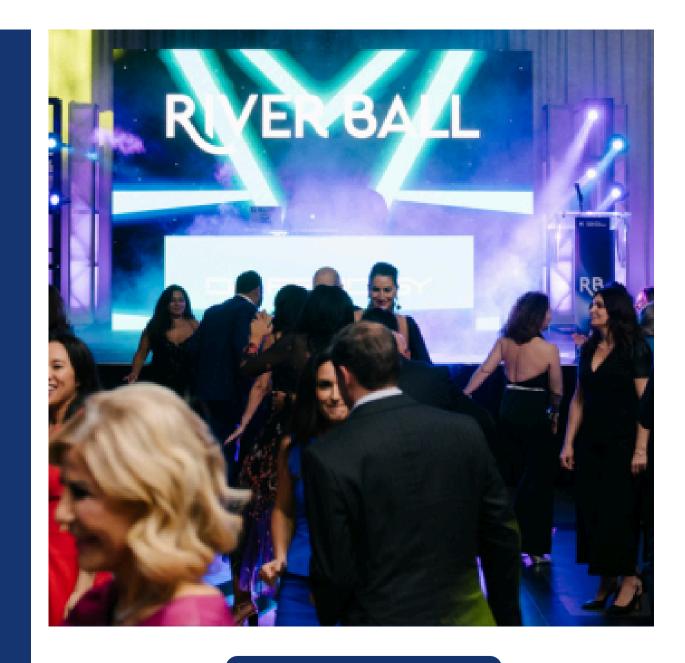

An Incredible River Ball Gala!

It was an incredible night filled with both dazzle and shine, highlighting the critical work of our Apotex Emergency Department.

Thanks to our generous donors and sponsors, the event raised over \$650,000! As the busiest emergency department in the province, your support is playing a vital role in helping us care for our community when it is most needed.

Thank you to our emcee for the evening, Breakfast Television's Devo Brown, and for the evening's entertainment including performances by our very own Ledor Babatinca & Dr. Aida Owlia, NorthFIRE Circus and after-party music by DJ Prodiigy. We were thrilled to honour Terry Leon with the 2024 No Limits Award in recognition of his outstanding support.

Team Revolution and Humber River Health Foundation Open the TSX!

On Tuesday May 7, Team Revolution and Humber River Health Foundation joined Richard Rohan, Chief Growth Officer, Trust, Toronto Stock Exchange (TSX), to open the market and mark the kickoff of the 2024 Team Revolution season. Team Revolution has committed to raising \$1 million this year in support of Humber River Health Foundation!

Click Here

Casting Call for Humber River Health Foundation Video Shoot

Humber River Health Foundation is creating a video to showcase some of the amazing work and innovation that is happening at Humber River Health, to help with fundraising efforts.

We're casting EXTRAS and to ensure the authenticity of the spot, we would like to include as many Humber River Health staff and community members as possible.

Please let us know if you are interested in taking part! It promises to be a rewarding experience, and meals will be provided.

Submissions are open until June 9. You will be contacted by Tuesday, June 11 if selected to participate. To submit a form, please click here.

Filming Dates - June 25, 26 and 27. (You'll only be required on one of these days but please plan to be available for the entire day.)

Location: Humber River Health Wilson, Church or Finch Campus. (You will be required at only one location.)

Time Commitment: Approximately 6 to 8 hours.

Gifts of Gratitude

Gifts of Gratitude is our grateful patient program, created to give Humber patients and their families another way to thank a nurse, doctor, staff member, or department. When a donation is made in honour of someone at Humber River Health, they receive a special recognition pin and personalized card, and the donation helps future patients receive great care.

Congratulations to everyone at Humber River Health whose exceptional care inspired a donation in the last month:

9 West, Chinenye Akisanya, Dr. Laura Berall, Dr. Howard Berger, Dr. Steven Bernstein, Breast Health, Loretta Carinci, Dr. Barry Cayen, Dr. Roman Chaban, Dr. Marco Da Silva, Tavia Fagan, Dr. Luke Fazio, Rose Figuccio, Fracture Clinic, Sherry Gaskin-Bonaparte, Navpreet Heer, Dr. Alexander Iskander, Dr. Andre LaRoche, Jelena Lukic, Dr. Phillip Maerov, Dr. Nasrin Safavi, Rujvee Shah, Dr. Courtney Spelliscy, Dr. Gautam Sudan, Dr. Laura Whiteacre, and Dr. Louis Yao.

Social Media Highlights

Thank you to Ajay Virmani, Executive Chairman and Founder of @CargoJetAirways, for generously providing lunch to nurses in our Apotex Emergency Department and Interventional Radiology. We appreciate your ongoing kindness and support!

To our wonderful nurses, we appreciate you!

Today, our emergency team, in collaboration with @KidsHealthAllnc, participated in a simulation session in our Apotex Emergency Department (ED) to increase knowledge and improve communication, coordination and teamwork skills when managing pediatric resuscitation in the ED.

Thank you for the hospitality from everyone at the BAPS Shri Swaminarayan Mandir. Yesterday, we had the pleasure of visiting this beautiful traditional Hindu place of worship. We appreciate your time and knowledge and look forward to working together to support our community.

Humber River Health @HRHealth_ · May 13

We're recruiting members to join our Patient and Family Advisory Program to help improve quality, patient safety, and delivery of care. Patient and Family Advisors embody our values of Compassion, Professionalism and Respect, and we are seeking others living these values.

Our Research Institute and medical oncologist Dr. Punam Rana have partnered with our Cancer Care Clinic. Together, they are looking to develop a digital meditation tool with patients to help alleviate symptoms related to cancer diagnosis and treatment.

#WorldMeditationDay

Meet Humber's Very Own Herminia Seguisa, a Dialysis Assistant in the Haemodialysis Unit.

"I'm an HVO member because I want to help in ensuring we have the best and most up-to-date technologies in order to provide the best care for our patients."

humbersveryown.ca

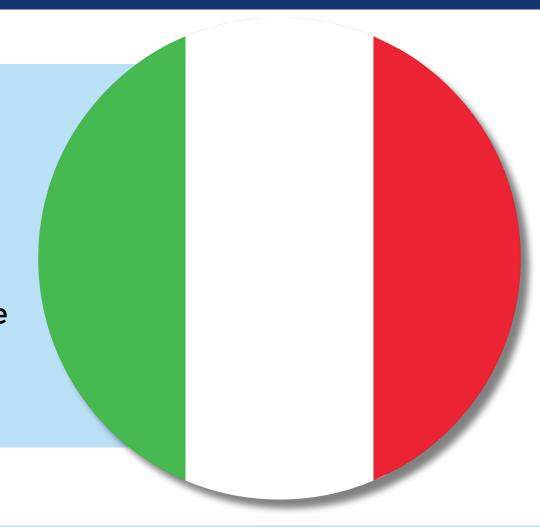

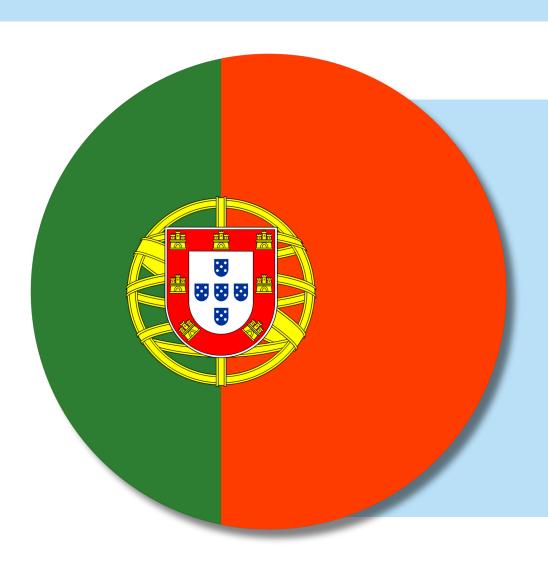

Today marks #OrthodoxEaster! Wishing everyone celebrating an enjoyable time with family, friends, and loved ones!

Italian Heritage Month

Italian Heritage Month is an opportunity to celebrate the rich cultural heritage and impact of Italian Canadians in our country. With more than 1.5 million people of Italian heritage, Canada is the proud home to one of the largest Italian diasporas in the world. In business, sports, cuisine, politics, the arts and so much more, this community has enriched all aspects of our society.

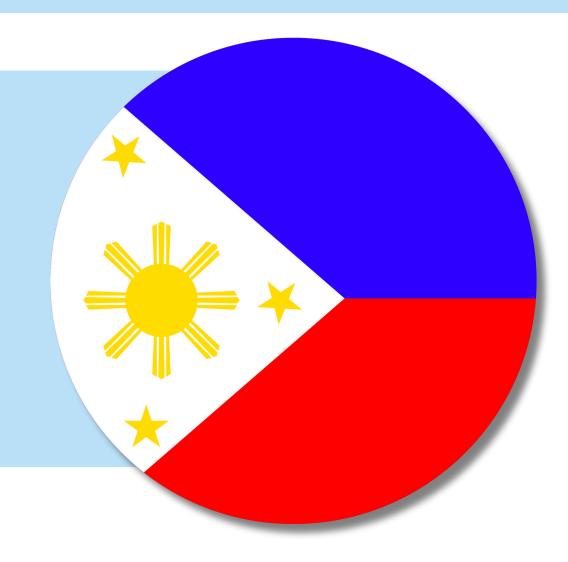

Portuguese Heritage Month

Portuguese Heritage Month provides an opportunity for us to come together to highlight the many contributions Canadians of Portuguese heritage have made to shaping the multicultural fabric of Canadian society. It is also a time for us to learn more about the community's history and values, and to appreciate the Portuguese language. As the proud home to over half a million Luso-Canadians, our country has one of the largest Portuguese diasporas in the world.

Filipino Heritage Month

Throughout the month of June, Filipinos all over Canada will celebrate Filipino Heritage Month to highlight Philippine culture and Filipino achievements and contributions to Canada as the third largest and fastest growing Asian immigrant group in the country. June is a significant month in Philippine history because it marked the country's independence from Spanish colonial rule (1521-1898).

Religious/Spiritual Days

JUNE 12 - 13 **Shavuot:** Shavuot is from the Jewish faith tradition and celebrates receiving God's Torah on Mount Sinai and marks the conclusion of seven weeks of personal and communal introspection following Pesah.

JUNE 16 **Day of Hajj (Day at Arafat)** from the Islamic faith tradition commemorates the last revelation to the Prophet at Mount Arafat shortly before his death.
